Leaflet Description

This leaflet provides information for replacement parts for Otis HydroFit® machine roomless submersible pump and motor hydraulic machines. This includes the 4500(H), 5000(H), and 5000(A) duties.

Leaflet Revisions

Date Revised	Subject Matter Expert	Reason for Revision
May 8, 2013	Art McClement	New SPL
August 22, 2018	Troy Chicoine and David Nelson	Added new p. 12 with hydraulic muffler assembly information

About Spare Parts Leaflets...

This document lists the lowest replaceable units (LRUs) for the standard version of the product. The LRUs are chosen by a team of Otis associates representing engineering and manufacturing.

While goal of this document is to make parts identification as easy as possible, the document cannot be all-inclusive. Elevator and escalator contracts classified as “special” or “custom” are not addressed here. For such contracts, please refer to specified information, the contract folder, TIPs, Field Education Articles, Construction Letters, etc. for further information.

If you have any suggestions about this document, please contact the subject matter expert listed on this page.

Hydraulic Machine
