OBSOLESCENCE NOTICE

The product covered in this SPL has been designated as obsolete and is no longer supported. See TIP 32.2-1, *Obsolete Components*, for potential upgrade. Replacement lower-level parts listed within and unique to this design will be reviewed for obsolescence.

This SPL has been superseded:

- All 24-volt type AAA23500AK/CC pushbuttons are superseded to AAA23500CH buttons. Refer to SPL 32-AAA23500CH.
- All other voltage buttons are superseded by the AAA23500BY button. Refer to SPL 31-AAA23500BY.
- Appropriate replacements are selected by Voltage, connector type, target profile and finish, and halo illumination color.
