**About Spare Parts Leaflets...**

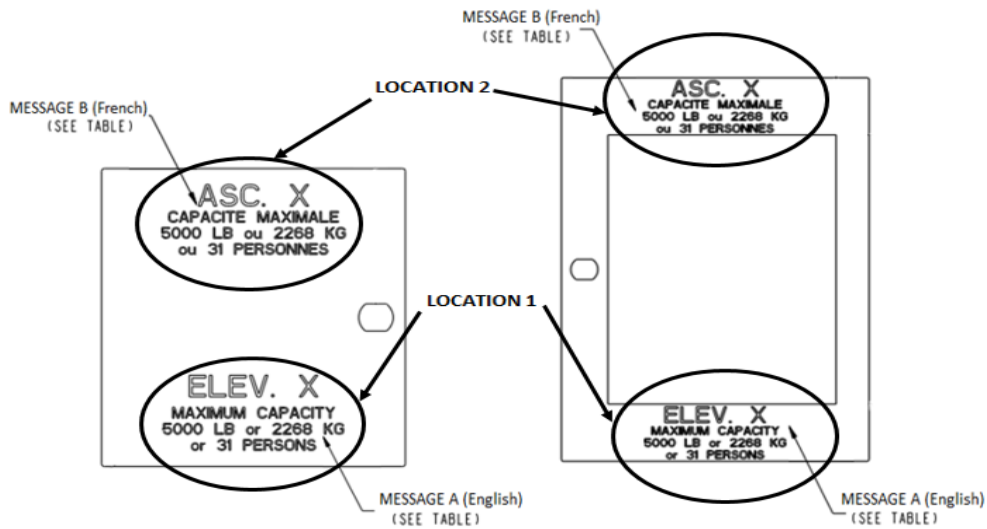

This document lists the lowest replaceable units (LRUs) for the standard version of the product. The LRUs are chosen by a team of Otis associates representing engineering and manufacturing.

While goal of this document is to make parts identification as easy as possible, the document cannot be all-inclusive. Elevator and escalator contracts classified as “special” or “custom” are not addressed here. For such contracts, please refer to specified information, the contract folder, TIPs, Field Education Articles, Construction Letters, etc. for further information.

If you have any suggestions about this document, please contact the subject matter expert listed on this page.

# Ordering Instructions

**31-AAA403AE**

**Door w/o Certificate window**  
(LEFT HAND as shown)

**Door w/ Certificate window**

8000	8000 LB or 3628 KG or 50 PERSONS	8000 LB ou 3628 KG ou 50 PERSONNES
8500	8500 LB or 3855 KG or 53 PERSONS	8500 LB ou 3855 KG ou 53 PERSONNES

4. Use the same table to specify the Marking Message according COP Marking Detail:

Message “A” (English) – Marking Letter A

Message “B” (French) – Marking Letter B

Messages “A” (English) & “B” (French) – Marking Letters AB

For one language (English or French), marking message will be provided in Location 1.

For bilingual marking, English message will be in location 1, French in location 2.

5. Provide Elevator # where the door will be installed. The number is engraved in place of symbol “X.”

6. Door marking consists of text line containing elevator number, rated load of elevator given in pounds and kilograms, and text line containing elevator capacity in terms of persons.
