About Spare Parts Leaflets...

This document lists the lowest replaceable units (LRUs) for the standard version of the product. The LRUs are chosen by a team of Otis associates representing engineering and manufacturing.

While goal of this document is to make parts identification as easy as possible, the document cannot be all-inclusive. Elevator and escalator contracts classified as "special" or "custom" are not addressed here. For such contracts, please refer to specified information, the contract folder, TIPs, Field Education Articles, Construction Letters, etc. for further information.

If you have any suggestions about this document, please contact the subject matter expert listed on this page.

Type A102JL1 Handicap Plate Graphic Part Identification Instructions

1. Markings "per order."
2. Braille and symbols according to 1992 ANSI A117.1.4.10 and A117.1.4.28 and must satisfy the latest ADA/grade 11 Braille requirements.
3. **Material and Finish Options:**

ADAAG contrast compliant: white paint = WHT; black paint = BLK (-WHT-BLK or -BLK-WHT)

Black with brushed stainless steel finish = SS4

Black with brushed brass finish = BR7 (-BLK-SS4, -BLK-BR7, -SS4-BLK, -BR7-BLK)

Non-ADAAG compliant:

mirror stainless = SS8; mirror brass = BR8 (-BLK-SS8, -BLK-BR8, -BR8-BLK, -SS8-BLK)
4. **Part identification and symbol shapes for A102JL1:**

If alphanumeric: A102JL1-desired alphanumeric finish-desired background finish-desired alphanumeric

Example: For "L1" in white with black background: A102JL1-WHT-BLK-L1

For "A" in black with brushed stainless background: A102JL1-BLK-SS4-A

If main landing: A102JL1-main landing star and alphanumeric finish-background finish-IM plus up to three alphanumeric as required

Example: For main landing star and "L1" in black with brushed brass background: A102JL1-BLK-BR7-IML1
