

Electrical Sundries Catalog

OSC

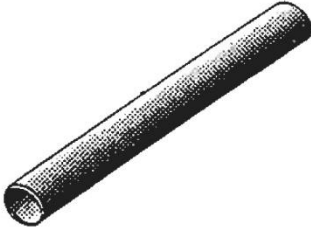

August 2020

NOTES

- 1) Not all parts in this catalog are available via the Parts app, which provides only the “active” parts. Those parts not in the Parts app can be ordered via OSC's Customer Service department (800-600-6847 or CSEmailOrders@otis.com).
- 2) Not all parts in this catalog are currently in stock at OSC, due to low demand levels. Parts not in stock would have a longer lead time but may still be ordered. If demand increases, parts may then be regularly stocked at OSC.
- 3) When searching for part numbers, any character that looks like the letter “O” should be typed as the number zero instead. The SDC ordering system stores all Os as zeroes, and that nomenclature is carried into the Parts app,
- 4) Illustrations in this catalog are representative and not exact images of a particular part.

Electrical Metallic Tubing (EMT)

Light Weight, Thin Wall, UL Listed, 10 ft. Sections

Size	Part Number	Ordering Unit	Illustration
